INFORMATION**

## Cloud-ready And Secure

Today's new hybrid work environment has permanently changed demands on access to information: it must be available anywhere and anytime. Only then can organisations maintain maximum efficiency and productivity. Yet information also needs to be secure.

Toshiba's cloud-ready products and our team of experts provide the solutions you need to improve workflow and print with functionalities that are smarter and more convenient than ever before. We have implemented new features to increase productivity with the vision of Together Information – helping people and organisations share information more effectively through better products and solutions. In line with the needs of “new normal” workplaces, the series is equipped with functionalities that enable non-contact, non-face-to-face and remote work.

Based on the latest technological advances and security standards, we deliver end-to-end tailored solutions to help you seamlessly and securely navigate today's digital workplace. In addition, our multifunctional print (MFP) systems meet the highest environmental requirements. From consulting, cloud migration and fleet management to implementation and technical support, Toshiba is at your side.

### Show your true colours

Sharp, vibrant images in all hues can make your documents more beautiful and engaging. Toshiba's e-STUDIO06525AC series delivers image quality that stands out. In addition, the multifunctional systems are equipped with advanced features that meet the most exacting needs of today's and tomorrow's workplaces.

- > Advanced Toshiba e-BRIDGE Next controller technology for easy customisation of document workflows and integration into IT environments
- > High-quality output with a resolution of up to 1,200 x 1,200 dpi
- > Colour consistency across small and large print jobs

## Smart And Smooth

An intuitive 26 cm (10.1”) tablet-style touch screen with an embedded web browser is easy to use and fully customisable. You can conveniently tailor settings and automate workflows – including integration of third-party solutions. The user interface, which reflects the bold new look of the new e-STUDIO series, enables simple operation and improved efficiency.

# Efficiency Your Way

Workgroups within SMEs appreciate the easy integration of the e-STUDIO6525AC into existing IT infrastructures. The systems are fully customisable, and offer readily accessible solutions, thanks to open platform architecture.

Designed for modern businesses, both systems are capable of cloud and mobile printing. AirPrint and Mopria Print Service support and address the printing needs of mobile device users, while Wi-Fi direct simplifies access to the MFP. Toshiba's exclusive e-BRIDGE Print & Capture application enables additional printing features, and gives users the ability to scan documents back to their tablets or Smartphones.

The e-STUDIO6525AC series can be equipped with various apps to enhance efficiency. When the apps are combined with our embedded optical character recognition (OCR) feature, documents can be scanned as Microsoft Word and other popular office formats.

## Your partner in sustainability

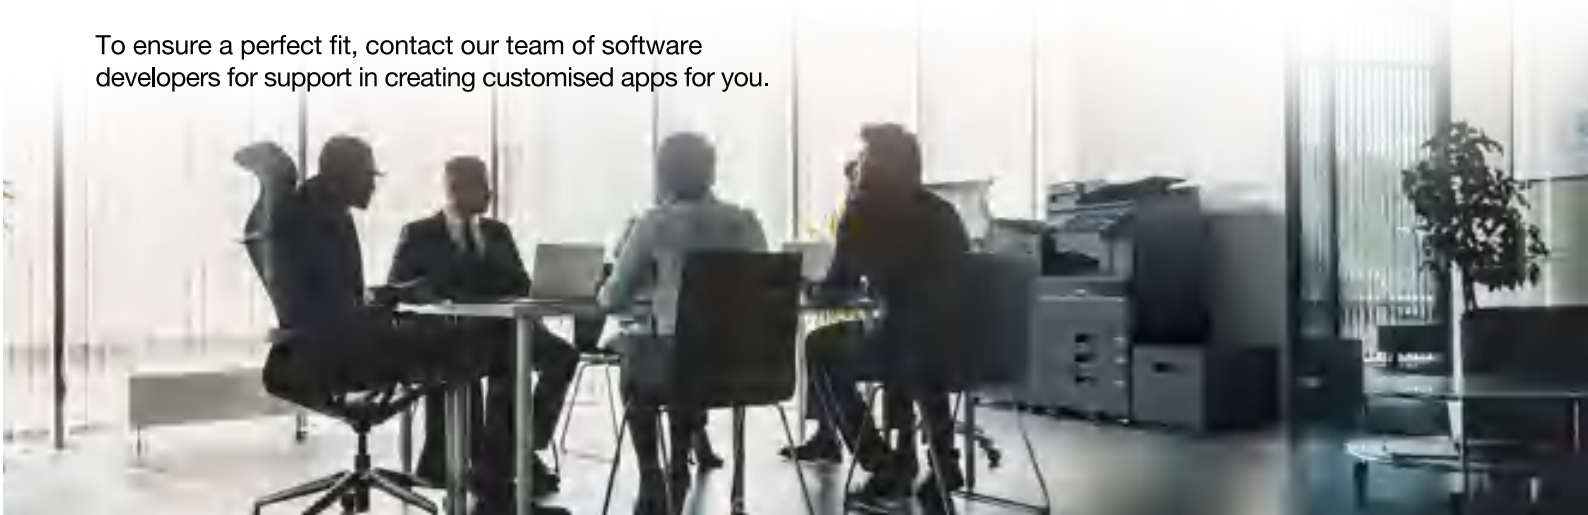

Sustainability is a major topic for Toshiba and our customers. We make every effort to minimise the impact of our business on the environment, to conserve and protect the world's natural resources. This applies to every business process and product, including providing solutions that make our customers' operations more sustainable. Accordingly, the e-STUDIO6525AC series MFPs have also been equipped with various environmentally friendly features:

- > Low-power, super sleep mode to save money and reduce energy consumption
- > Compliance with the latest, most stringent environmental requirements
- > Usage of recycled plastics
- > The e-BRIDGE Plus for Green Information app, which displays environmental achievements directly on the MFP to encourage use of eco-friendly settings

## Security meets convenience

As a leading provider of information technology, Toshiba has always placed top priority on protecting data. The e-STUDIO6525AC series come with state-of-the-art security features, such as anti-malware, secure SSD (Solid State Drive) and TPM (Trusted Platform Module) with encryption function. Optionally you can choose the FIPS HDD\* with data overwrite function and HCD-PP\*\* certification. The systems are fully compliant with the EU General Data Protection Regulation (GDPR). Deploy all the security technologies.

\* Federal Information Processing Standards Hard Disc Drive  
\*\* Hard Copy Device – Protection Profile certification

## Big Performance In A Compact Format

Toshiba's e-STUDIO6525AC series systems offer a wide spectrum of functionalities in a surprisingly compact format. The multifunctional units enable you to integrate and simplify your workflows while improving efficiency.

**Auto calibration** ensures perfect image quality with consistent colours and crystal-clear lines from the first to the last page.

**Image recovery menu** helps within minutes by providing easy guidance (including a movie) for customers.

**RGB colour substitution** gives you accurate colours with office applications so your documents are printed exactly the way you want.

**Multi Station Print Solution** allows you to send print jobs from your desktop and retrieve them at up to 50 different MFPs by authenticating at that device, e.g. by simply swiping your badge.

**Embedded optical character recognition (OCR)** simplifies the creation of searchable PDFs and editable document formats.

**Scan to USB** is great for working with documents on the go. You can even create PDF/A-2 files suitable for long-term archiving.

**Scan and fax preview** allows you to review, rotate and modify your scanned documents or incoming faxes before saving or printing them.

**Print from USB** for quick and easy printouts. If necessary, the MFP will automatically scale your documents to fit the available paper size.

**Remote assistance and diagnostics** fit seamlessly into today's workstyles and help keep your business running when technical difficulties or uncertainties occur.

**Mobile printing** gives you full flexibility and lets you easily connect to these systems with your mobile devices via AirPrint, or the Mopria Print Service. You can unleash access even more mobile print and scan features by adding the optional Wi-Fi module.

**Choose your user experience** for the large and fully customisable user interface makes the MFP intuitive to use. Simply swipe through the menu and select the feature or function you need and modify the screen to suit your individual preferences.

**Dual Scan Document Feeder (DSDF)** can hold up to 300 originals and processes 240 images per minute (ipm) by scanning both sides of the page in a single pass. With the addition of Double Feed Detection, you can ensure that no pages are missing after scanning.

# Proactive Service With Toshiba e-BRIDGE CloudConnect

- e-BRIDGE CloudConnect (eCC) is a device-to-cloud based system.
- It bridges the gap between business processes and machines in the field.
- It increases the efficiency of service operations.
- It is a web-based device management system, exclusively for Toshiba MFP.

## Your Benefits

### Improves Service Up Time

- Receive real-time technical alerts and warnings
- Remote configure device settings & software update
- Use service data for technical diagnosis, faster resolution

### Service Automation

- Meter reads are automatically taken at set intervals
- Toner alerts are transmitted, triggering automatic supplies delivery
- No server maintenance, no manual backup data is required

### Keeps your MFP secure & Up-To-Date

- Latest firmware & security updates via the cloud during off-peak periods
- Remote data backup and restore to avoid data lost
- Consistently manages device configurations to adhere to your company or regulatory & security standards

## Minimise disruption with a maintenance contract

Having a maintenance contract in place ensures that you get to take advantage of a variety of add-ons. Get real value for money and maximise your return on investment with a well-maintained device, with helpful technical support when you need it. Maintenance contracts ensure that you can continue to run your business with minimal disruption.
